Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 2 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

Ex Parte Quayle Action

1. This application is in condition for allowance except for the following formal matters:

Specification

- a. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.
- b. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed, e.g., reference to the claimed "method".

Claim Objections

- c. Claims 40-47 are objected to because of the following informalities:
(a) claim 40, line 5 after "pad" the language "and the data storage medium"; (b) claim 41, line 1 "A method" should be changed to "The method"; (c) claim 42, line 1 "A method" should be changed to "The method"; (d) claim 43, line 1 "A method" should be changed to "The method"; (e) claim 44, line 6 the phrase "a first" should be changed to "the first" for clarity; (f) claim 45, line 1 "A method" should be changed to "The method"; (g) claim 45, line 2, after "first" the language "flying step" should be inserted; (h) claim 45, line 3 after "pad" the language "and data storage medium" should be inserted; (i) claim 46, line 1 "A method" should be changed to "The method"; (j) claim 46, line 1 "claim 44" should

be changed to “claim 45”; (j) claim 47, line 1 “A method” should be changed to “The method”; (k) claim 46, line 3 “400” should be changed to “500” for consistency; (l) claim 47, line 2 after “first” the language “flying step” should be inserted. Appropriate correction is required.

2. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

3. The following is an examiner’s statement of reasons for allowance: The prior art of record does not teach nor reasonably suggest a method of flying a slider relative to a data storage medium including at least the step of (re claim 40) pressurizing a fluid between a first air bearing pad and the data storage medium so that a pressure that is exerted on at least part of the first air bearing pad is at least about 400 psi; (re claim 44) executing a second flying step comprising flying the slider at a second fly height after the expanding step, wherein the second fly height is less than the first fly height by no more than about 20 percent of the first fly height. None of the prior art teach nor suggest the particulars of having such a high pressure, e.g., over 400psi, on an air bearing pad, nor the particulars of an expanding step as set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian E. Miller whose telephone number is (571) 272-7578. The examiner can normally be reached on M-TH 6:30am-4:00pm.
